

**UNIVERSITY OF KELANIYA
APPLICATION FOR A RESEARCH GRANT**

Reference No. (Office use only) :

1. Title of the project (Should be brief but descriptive and specific rather than general)		
2. Chief Investigator :		
Name :		
Designation :	Department:	Faculty :
3. Co-Investigators:		
a. Name:		
Designation :	Department:	Faculty :
b. Name:		
Designation :	Department:	Faculty :
c. Name:		
Designation :	Department:	Faculty :
4. (a) Define the hypotheses that are to be tested in this study or the problem(s) that this research would address.		

(b) Objectives of the project:

(If space is insufficient, information may be provided on separate sheets.

(c) Overall significance of the project in relation to country's development strategy/
strengthening research capabilities/increasing knowledge.

If space is insufficient, information may be provided on separate sheets.

5. Description of the preparatory work including summary of previous work and/or
related work on the subject. (by the applicant or others in Sri Lanka)

If space is insufficient, information may be provided on separate sheets.

6. Project Description

(a) Describe project concisely and clearly, giving details of background, research strategies/experimental design, research methodology and procedure for data collection and analysis.

(b) Specific work plan in relation to time schedule.

(c) Expected outputs of the project (These should be easily measurable: Eg. Number of abstracts to be presented at research conferences. Number of research papers to be published.

(d) Expected outcome of the project (These are the expected impacts of proposed research project on the community/society etc

If space is insufficient, information may be provided on separate sheets.

7. Literature review including the list of references

If space is insufficient, additional sheets should be used.

8. Duration of the project.

(b) Planned date of starting the project

9. Is this application for a continuing project, or new project ?		
9.1. If it is a continuing project, please give following details.		
(a) Project Number		
(b) When did the project start :		
(c) Total value of the project :		
(d) Funds spent so far for the project (out of grant received)		
(e) Allocated funds unspent		
(f) Any equipment already obtained		
(g) Funds required in addition to (d) and (e) above		
9.2. If it is a new project, funds required.		
	Local	Foreign
(a) Full amount required		
(b) Required allocation for the 1 st year		
(c) Required allocation for the 2 nd year		
(d) Required allocation for the subsequent years		
9.3. Details of estimated expenditure.		
	Local	Foreign
(a) Personnel (e.g. Payment for data collectors/technicians)		
(b) Cost of capital equipment		
(c) Consumables (i) Cost of chemicals and other consumables (ii) Cost of other materials		
(d) Travelling and subsistence		
(e) Miscellaneous (i) Incidental expenses (ii) Cost for preparing research report		
Total		

<p>10. Description of equipment (Enumerate new equipment required with the cost, and state whether foreign exchange is necessary. In the event of foreign exchange not being available, state whether you will be able to carry out the project.</p>
--

11. Is this research currently being supported by any other body ? If so, please indicate the organization and summarize the amount and duration of support provided.

12. Is this application currently being considered elsewhere ? If so, please give details.

13. Have you submitted an application pending for any other research project/s? If so, please give details.

14. Signature of the applicant

Date :

15. Recommendation of the Head of Department :

Signature of the Head of Department

Date :

16. Decision of the Faculty Board :

Signature of the Dean

Date:

17. Decision of the Research & Publications Committee:

Signature of the Vice Chancellor

Date:
